

Date of issue: 12th June 2017

1. Identification of the substance/preparation and the company

Product name: **WoodOil Dryden Colourtone**
 Dune, Midnight, Lite Oak, Stone, Walnut, Slate, Dusk, Elm, Oropo, Platinum, Iron Sand, Charcoal, Barque, Storm, Custom, Autumn, Copper, Birch, Gold Leaf, Cedar, Red Cedar, Redwood, Karaka, Lignum, Black-X, Dark.

Supplier: **Dryden Distribution Ltd.**

Address: **15a Piermark Drive
 Albany
 Auckland, New Zealand**

Telephone: **(0064) (9) 447 3995 or 0800 379 336** Telefax: **(0064) (9) 447 3994**

In case of Poisoning, telephone: **National Poisons Centre: 0800 764 766 or doctor/physician.**

Uses: **Colourtone Additive for Dryden WoodOil**

2. Hazards identification

Surface Coatings and Colourants (Combustible) Group Standard 2006 HSN0 No: HSR002657

HSNO CLASSIFICATIONS: 3.1D, 6.1D, 6.3B, 6.4A, 9.1C.

**WARNING: KEEP OUT OF REACH OF CHILDREN.
 READ SAFETY DATA SHEET BEFORE USE.
 READ LABEL BEFORE USE.**

If medical advice is needed, have product container or label at hand.

Classification: Classified as Hazardous according to criteria in the HS (Minimum Degrees of Hazard) Regulations 2001.

Subclasses: Subclass 3.1 Category D – Substances that are **combustible liquid**.
 Subclass 6.1 Category D – Substances that are **harmful in contact with skin**.
 Subclass 6.1 Category D – Substances that are **harmful if swallowed**.
 Subclass 6.1 Category D – Substances that are **harmful if inhaled**.
 Subclass 6.3 Category B – Substances that **cause mild skin irritation**.
 Subclass 6.4 Category A – Substances that **cause serious eye irritation**.
 Subclass 9.1 Category C – Substances that **harmful to aquatic life with long lasting effects**.

This Material Safety Data Sheet may not provide exhaustive guidance for all HSNO Controls assigned to this substance. The EPA Web Site should be consulted for a full list of triggered controls and cited regulations.

3. Composition/information on ingredients

Chemical name:

Ingredients:	CAS-No.	%-Content	Class	Code letter
Colourant base		50%		
Dispersant NP		50%		

4. First-aid measures

First Aid:	If you feel unwell: Call National Poisons Centre or doctor/physician. If skin irritation occurs: If eye irritation persists: Get medical advice/attention. If medical advice is needed, have product container or label at hand.
IF SWALLOWED:	Rinse mouth. Call a POISON CENTER or doctor/physician if you feel unwell.
IF IN EYES:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.
INHALED:	Remove to fresh air and keep at rest in a position comfortable for breathing.
Advice to Doctor:	Treat symptomatically.

5. Fire-fighting measures

In Case of Fire:	Foam, dry chemical or carbon dioxide type extinguishing agents may all be suitable for extinguishing fires involving this type of product, depending on size or potential size of fire and circumstances related to the situation for extinction.
Special protective equipment:	Fire fighters and others exposed: wear self-contained breathing apparatus.
Further information:	Dispose of fire residues and contaminated fire-fighting water in accordance with local and national regulations. Incomplete combustion will generate smoke and other hazardous gases, including carbon monoxide.

6. Accidental release measures

Methods for cleaning up:	Take up mechanically and soak up with absorbent material (e.g. sand, sawdust universal binder etc.), dispose off absorbed material in accordance with the local and national regulations. Allow to degrade in-situ.
Additional information:	Do not discharge into the drains/surface water/groundwater. Avoid release to the environment.

7. Handling and storage

Handling:	Use only outdoors or in a well-ventilated area. Avoid breathing mist/vapours/spray. Wear protective gloves/protective clothing/eye protection/face protection. Do not eat, drink or smoke when using this product. Wash dirtied skin thoroughly after handling.
Storage:	Store in a well-ventilated place. Keep cool. Keep away from flames and hot surfaces.

8. Exposure controls and personal protection

General:	Avoid contact with eyes and skin.
Hand protection:	Wear impermeable gloves
Eye protection:	Wear safety goggles or face visor
Body protection:	Wear protective clothing

9. Physical and chemical properties

Form:	Viscous mobile liquid	Colour:	Various Colours
Odour:	Mild, Sweet	Density:	Not Applicable
Pour point/range:	Not Applicable		
Boiling point/range:	Not Applicable		
Flash point:	Above 66-71° C (PM Closed Cup)		
Ignition temperature:	Not Applicable		
Solubility in water:	Negligible		
pH:	Not Applicable		
Further information:	Not Applicable		

10. Stability and reactivity

Thermal decomposition:	Not Applicable
Hazardous reactions:	Not Applicable
Further information:	Keep away from flames and hot surfaces.

11. Toxicological information

There is no specific toxicity information available for this product.

12. Ecological information

Data on elimination (persistence and degradability)

Process:	Not available
Method of analysis:	Not available
Mineralization:	Not available
Ecotoxic effects:	Not available
Remarks:	Substances that are harmful to aquatic life with long lasting effects Avoid release to the environment.
Behaviour in sewage treatment plants:	Not available
AOX-value:	Not available
COD-value:	Not available

13. Disposal considerations

Disposal of product:	Dispose of via an authorised person/licensed waste disposal contractor in accordance with local regulations. Dispose of product and container responsibly and carefully. Do not dispose of near waterways, down drains or into soil. Avoid release to the environment.
Disposal of packaging:	Clean containers may be recycled. Non-contaminated packaging can be reused. Contaminated packaging has to be disposed off like the product itself.

14. Transport information

**Not classified as dangerous in the meaning of transport regulations.
The usual precautionary measures when handling chemicals should be observed.**

15. Other Information

Abbreviations:	AOX	Absorbable Organic Halogen
	BOD	Biological Oxygen Demand
	C	Celsius, a measure of temperature
	CAS No	Chemical Abstract Number
	COD	Chemical Oxygen Demand
	EC No	Existing Chemical Number
	EC50	Median Effective Concentration
	GHS	Globally Harmonised System
	HMIS	Hazardous Materials Information System
	LC50	Lethal Concentration 50 percent kill
	LD50	Lethal Dose 50 percent kill
	N. A.	Not Applicable
	TOC	Total Organic Carbon
	VOC	Volatile Organic Compound

Alignment to HSNO requirements:

This MSDS summaries to our best knowledge at the date of issue, the chemical health and safety hazards of the material and general guidance on how to safely handle the material in the workplace.
Since Dryden Distribution Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material.
If clarification or further information is needed, the user should contact Dryden Distribution Ltd at the contact details on page 1.

The data given here is based on current knowledge and experience. The purpose of this Safety Data Sheet is to describe the products in terms of their safety requirements. The data does not signify any warranty with regard to the products' properties and does not create any legal contract.
